

Members of the Falmouth Select Board will attend and may participate in the following meeting:

AGENDA

Resilient Woods Hole

Town of Falmouth Climate Resilience Workshop

Thursday, February 6, 2025

Marine Biological Laboratory

Meigs Room in Swope Center

Woods Hole, MA 02543

8:30 a.m. – 12:30 p.m.

This workshop aims to start developing a conceptual infrastructure resilience plan for Woods Hole Village with the Town of Falmouth. In this workshop, we will review *RWH*'s work, discuss community vision, share community prioritized areas, and develop action plans for those areas. By the end of this workshop, we will have collaboratively developed short-term, medium-term, and long-term action items toward a climate resilience plan for Woods Hole. *RWH* hopes to use this workshop and Woods Hole as a case study for future action-oriented resilience planning that can be applied to other parts of Falmouth or townwide work.
